Report on the papers of

HERBERT JOHN FLEURE, F.R.S.

(1877 - 1969)

Listed by: Jeannine Alton
Harriot Weiskittel

Deposited in the National Library of Wales, Aberystwyth, 1976

Description of the collection.

The papers were received from Mr. J.L.Fleure (son), who retains some family and personal material.

Very little primary material remains of Fleure's early researches, or his wide range of teaching in zoology, geology, botany, anthropology or geography. His early impressions of Aberystwyth are recorded in Item 4, and courses of lectures given there in 1906 - 07 in Items 20, 21.

Fleure maintained his research interests to the end of his long life, despite increasing loss of sight. Many items in the collection were written under this severe handicap (4 - 7, 36, 40), sometimes with the assistance of Mrs. Fleure. Mrs. Fleure's own research, under her maiden name of Bishop, is preserved in Item 20, and her help and devotion to Fleure throughout their married life is well attested in Items 9 - 11.

The account book kept by Fleure's father, accountant to the States of Guernsey, is of interest (Item 8).

Help and information are gratefully acknowledged from Professor E.G.Bowen, Professor Alice Garnett, Dr. Iorwerth C.Peate, and Professor Elwyn Davies.

Locations of other material

Royal Anthropological Institute, London: Fleure's anthropometric record cards

Geographical Association, Sheffield: Fleure's medals, bound set of reprints, books and journals from his library (given by his daughter), records in Minutes of the Association.

Summary of the career of H.J.Fleure

b. 1877 Guernsey

1885 - 91 educ. States Guernsey Intermediate School, and private study

1897 B.Sc London Intermediate (External)

1897 - 1901 U.C.N.W.Aberystwyth

1902 - 04 Zoological Institute, Zürich;

D.Sc. University of Wales
