## GENERAL INTRODUCTION

For an outline of the career of Sir Peter Markham Scott see 'Catalogue of the papers and correspondence of Sir Peter Markham Scott' compiled in 1999 (NCUACS catalogue 87/8/99)

## PROVENANCE

The papers were received for cataloguing from Lady (Philippa) Scott, widow in August 2008.

## DESCRIPTION OF THE COLLECTION

This catalogue of papers of Sir Peter Markham Scott is a second supplement to those compiled in 1999 (NCUACS 87/8/99) and in July 2008 (NCUACS 162/5/08). Additional papers have been found for Section A (Biographical), Section C (Nature conservation and research), Section E (Publications), Section F (Radio and television), Section G (Lectures, speeches and addresses) and Section M (Correspondence). They have been arranged and numbered to follow the sequence of the previous catalogues, which should therefore be consulted in conjunction with this catalogue.

Section A, Biographical, principally comprises the correspondence exchanged over a number of decades between Peter Scott and his wife Philippa. The sequence begins in 1948 - they were married in 1951 - and includes detailed accounts of a number of Scott's overseas visits including the 1949 Perry River expedition in the Canadian Arctic. There are also a small number of miscellaneous biographical items including a biographical account of Scott written in December 1946 and photographs.

Section C, Nature conservation and research, provides documentation of a number of nature conservation bodies with which Scott was associated c.1964-1989 (bulk 1973-1975). There are important records relating to the Charles Darwin Foundation for the Galapagos Islands. Peter Scott was a member of the Executive Council and corresponded with President, Secretary General, members of the Executive Council and Directors of the Charles Darwin Research Station. Other bodies represented by committee papers include the Baharini Wildlife Sanctuary, Nakuru, Kenya, the Mlilwane Wildlife Sanctuary, Mbabane, Swaziland and the Ontario Wildfowl Research Foundation.

Section E, Publications, documents a number of Scott's articles, 1947-1951. Topics include the 1949 Perry River expedition in the Canadian Arctic, a range of ornithological topics including the declining wildfowl populations in Britain and Europe, the Severn Wildfowl Trust and the migration of wild geese, and sailing.

Section F, Radio and television, presents a significant record of Scott's contributions to BBC Radio programmes, 1943-1954, and one BBC television sports programme, 1952. The papers include drafts and scripts for a number of regular radio nature programmes including 'The Naturalist', 'Nature Parliament' and 'Birds in Britain'.

Section G, Lectures, speeches and addresses, is slight covering the period, 1948-1954. The papers principally relate to arrangements for a 1951 lecture tour to raise funds for the Severn Wildfowl Trust in which Scott travelled in the Trust's Narrow Boat 'Beatrice'.

Section M, Correspondence, consists of a single folder of miscellaneous correspondence covering the period 1938-1957. It includes individual letters from supporters of the Severn Wildfowl Trust and actor James Robertson Justice, 1955, and the puppeteer, Harry Corbett, 1957.

There is also an index of correspondents.
