GENERAL INTRODUCTION

For an outline of the career of Nikolaas Tinbergen see the NCUACS catalogue of the papers of Nikolaas Tinbergen, compiled in 1991 (NCUACS 27/3/91), and the first supplement, compiled in 1998 (NCUACS 79/8/98).

PROVENANCE

The bulk of the papers were received for cataloguing from the Department of Zoology, Oxford University in October 2003. Subsequently Professor Robert Hinde made available his Tinbergen correspondence file.

DESCRIPTION OF THE COLLECTION

This catalogue is a second supplement to the catalogue of Nikolaas Tinbergen's papers referred to above. Further additional papers have been found for Section B (Research) and Section E (Correspondence). They have been arranged and numbered to follow the sequence of the first supplementary catalogue (NCUACS 79/8/98), which should therefore be consulted in conjunction with this catalogue.

Section B, Research, is an important group of correspondence and papers relating to the work of Tinbergen's Animal Behaviour Research Group, Department of Zoology, Oxford University. There is a sequence of annual reports, 1952-1975 and correspondence with sponsoring and funding bodies such as the Nature Conservancy, Natural Environment Research Council and Science Research Council, 1959-1975. There is correspondence and papers relating to Tinbergen's research sites such as Scolt Head, Norfolk (one letter only), Ravenglass and Walney Nature Reserves in Cumbria and Skomer Nature Reserve, Pembrokeshire. There is also a small group of papers of D.J. McFarland, Tinbergen's successor as head of the Animal Behaviour Research Group, especially relating to research on herring gull behaviour at Walney.

Section E, Correspondence, comprises Professor R.A. Hinde's Tinbergen correspondence file, principally Tinbergen's letters to Hinde relating to research, publications, visits, conferences, etc with a very few manuscript draft replies by Hinde, 1951-2000. Posthumous material includes obituaries of Tinbergen and draft of Hinde's biographical memoir of Tinbergen for the Royal Society with comments by his widow, 1988-1989. A letter from Hans Kruuk, 30 October 2000, returns the correspondence file to Hinde. The file had been lent to him in connexion with the preparation of Kruuk's biography of

Tinbergen: *Niko's Nature, a life of Niko Tinbergen and his science of animal behaviour*, Oxford University Press, 2003.

There is also an index of correspondents.
