Papers of

Sir Francis Martin Rouse Walshe

(1885 - 1973)

Listed by: Jeannine Alton
Harriot Weiskittel

Description of the collection

The papers were received from Dr. J.M.Walshe, and from Professor C.G.Phillips.

They consist of personal and biographical material, drafts and manuscripts for professional publications or addresses, and manuscript and printed matter relating to topics in which Sir Francis was involved as a leading member of the Roman Catholic medical community in Britain.

Some of the drafts in section B are heavily revised, or bear later annotations by Sir Francis.

Locations of other material

Library of the Royal Society, London: collected papers 1914 - 1962 (4 bound volumes); reviews for Medical Science 1919 - 1925 (1 bound volume).

Library of the Royal College of Physicians, London: printed books from Sir Francis's library, with annotations and underscorings; autograph letters from Sherrington and Fulton.
